Terry Deville | Gas Plant Commissioning, Startup & Operator Training Consultant

tdeville@devilleenterprises.net | (305) 240-2163 | linkedin.com/in/terry-deville
Miramar Beach, FL

Gas plant commissioning, startup, and operator training for midstream companies.

Terry Deville brings 10+ years in gas plant, liquids, and asphalt operations. Through Deville Enterprises LLC (founded May 2026), he supports midstream companies bringing gas processing plants online, from pre-startup readiness through steady operation, and trains the crews who run them.

SELECTED FIELD WORK

- Supported commissioning and startup; trained operators at Northwinds Midstream's Titan Treater Facility, Jal, NM (120 MMSCFD)
- Supported commissioning of the 2nd train at Delek's Libby 2 Cryogenic Plant, Eunice, NM (150 MMSCFD)
- Supported commissioning and startup; trained employees on the 2nd train at Silver Hill Energy's cryogenic plant, Tioga, ND (30 MMSCFD)
- Supported commissioning and startup; operated the Tallgrass CO2 injection facility, Pine Bluffs, WY
- Plant operations at MPLX Tornado, Loving County, TX (400 MMSCFD); PLMP 'The Dude', Hobbs, NM (200 MMSCFD); Summit Midstream, Briggsdale, CO (25 MMSCFD)

SERVICES / PROCESS EXPERIENCE / REGIONS SERVED

SERVICES

- Commissioning and startup support
- Pre-startup readiness and procedure review
- Operator training (field and DCS control room)
- Plant operations support and troubleshooting
- Continuous plant operations
- Gas control

PROCESS EXPERIENCE

- Cryogenic plants
- Refrigeration
- Amine
- Glycol
- Mol sieve
- Sulfur recovery
- CO2 compression/injection
- Compressors (gas and electric)
- Pumps
- Gas turbines
- Separators
- DCS control room

REGIONS SERVED

- Permian Basin (West Texas and New Mexico)
- DJ Basin (Colorado)
- Wyoming
- Bakken (North Dakota)
- Based in Miramar Beach, FL. Travels to site.

EXPERIENCE

Consultant | Deville Enterprises LLC (own firm) — May 2026 to Present
Gas plant commissioning, startup, and operator training for midstream companies.

Operations Consultant | Midstream Operators, LLC (contract) — Oct 2024 to May 2026
Commissioning, startup, operator training, and plant operations at the facilities listed under Selected Field Work.

Senior Gas Controller | TECO Energy, Tampa, FL — Jul 2024 to Oct 2024
Monitored gas distribution systems for efficient operation and safety compliance; coordinated with field teams.

Operations Technician | Phillips 66, Goldsmith, TX — Oct 2022 to Jun 2024
Joined as DCP Midstream, which was acquired by Phillips 66. Helped commission and start up a new refrigeration system, inlet filter systems, and inlet scrubbers. Operated cryogenic, amine, glycol, mol sieve, and sulfur recovery units from the DCS control room.

Earlier: Operator, Associated Asphalt (2017 to 2020) | Operator, Kinder Morgan / Turner Specialty Services (2011 to 2015)

EDUCATION

Associate's degree, Process Technology | ITI Technical College
